

Integrative Cancer Research Special Interest Group Teleconference

Data Analysis and Statistics SIG Meeting Minutes

Date, Time & Location:	July 2, 2004 12:00 – 1:00 EDT
Attendees:	<p>James Lyons-Weiler – Pittsburgh Satish Patel - Pittsburgh Joseph Wang – Georgetown Jason Xuan - Georgetown Simon Lin – Duke Patrick McConnell – Duke Jennifer Shoemaker - Duke Naveen Vinukonda - Institute for Cancer Prevention Brian Pittman – Institute for Cancer Prevention Lianhong Tang – Vanderbilt Dong Xing – UNC Lineberger Chris Kingsley – UC San Francisco Barbara Novak – UC San Francisco Kuo-Tung Li – UC Irvine Mike Keller - BAH Claire Zhu – BAH Juli Klemm - BAH</p>
Web presentation:	<p><u>caGEDA Presentation</u></p> <p>James Lyons-Weiler (Pittsburgh) gave a web demo (Centra) of caGEDA. Slides from this presentation are available for download at: http://ncicbforums.nci.nih.gov/forums/cabigforum/lfs/icrlfs/SIGs/data_analysis_stats</p> <p><u>caGEDA Q & A:</u></p> <p>Juli: What microarray technologies are supported by caGEDA? - Currently, caGEDA supports data from Affy and GE Healthcare microarrays, the predominant platforms at most cancer centers. 2-color microarray data is not currently supported.</p> <p>Juli: How easy is it to add additional tools/analysis methods to caGEDA? - Addition of new tools requires a developer’s effort at the moment.</p> <p>UC Irvine: Is caGEDA ready for use by others? - Yes – caGEDA has had 2500 repeat users in 2004. The application is available for download to be installed and run locally. It would be desirable to have a mirror site for caGEDA.</p> <p>Patrick McConnell: How much is caGEDA dependent on Windows? How easy is it to adapt caGEDA on other operating platforms? - caGEDA is written in Java and thus should be platform independent</p>
Other Items Discussed	<ul style="list-style-type: none"> - The next meeting will be Friday, August 6, at 2:00PM Eastern. - DWD (UNC Lineberger) and VISDA (Georgetown) will be presented at the next meeting. - It is recommended that groups involved in microarray data exchange attend the

Integrative Cancer Research Special Interest Group Teleconference

Action Items:	Microarray Repositories SIG meeting Wednesday, July 7, at 2:00PM Eastern.			
	Name Responsible	Action Item	Date Due	Notes
	James Lyons-weiler	Send presentation slides to Juli for posting	7/2/04	
Juli Klemm	Distribute meeting minutes and post slides.	7/9/04
